

TKIS graduate, EA Coach
Leah McCarron

TKIS EQUESTRIAN MASTERY PROGRAM

TKIS is a school dedicated to excellence. An important part of that dedication is its focus on developing Mastery Programs that are the equal to anything in the world.

TKIS offers a comprehensive Equestrian Mastery Program for students in Middle to Senior School (Grades 7 to 12). Incorporating the EA Equi-Skills curriculum, graduates will not only receive nationally recognised EA Certificates in Horsemanship and Riding, but can potentially also work towards obtaining accreditation for Equestrian Level 1 Coaching.

Qualifying students will be offered the opportunity to compete in Inter-school and EA competitions in Eventing, Dressage, Endurance, Cross Country, Jumping, etc. These optional events will be at the student's expense.

Mastery Programs at TKIS are taken very seriously and the programs are integrated directly into the school timetable, with 1.5 days per week of school time, dedicated to the student's Equestrian Mastery practice and studies. Students are also expected to devote additional personal time (after school and weekends) to the pursuit of excellence in their chosen field and their academic studies. A wide range of professional development activities... fitness, diet, career guidance, sports psychology, etc, are also added to the EA Equi-Skills Curriculum.

- All students must be EA registered
- All students will be required to provide their own helmets and smooth soled riding boots.
- Students will be responsible for transport and stabling (see optional fees below).
- Students who wish to compete in Inter-school and EA competitions may incur small additional costs.
- Program runs for 36 weeks per year (9 weeks per term.)

EQUI-SKILLS
